

**CORPORATE DINNERS - AUCTIONS - CHARITY FUND RAISERS - WEDDINGS - PUBLIC MEETINGS**

- **Equal coverage throughout the venue-** multiple speakers ensure the listener is in close proximity to the source allowing a comfortable nominal volume
- **Preserved esthetic quality-** These Nexo PS10s are not only state of the art but are trucked in padded road cases and remain un-scratched and clean so they always look and sound new.
- **Customized wireless microphone systems-** Our new Shure ULXD digital wireless systems have multiple hand held capsules to chose from, body packs, lapels, countryman ear piece mics and guitar cords as well as paddle antennas with signal amplification just in case. They offer many more frequency choices and are the latest ingenuity from Shure.
- **The right tool-** This system travels with several options for podium micing to allow us the best sound quality as well as esthetic solutions to coincide with your Lucite podium. We have every tool in the box for interfacing laptops, IPODS, Dj's, recorders and press feeds without noise or hum.
